

SIEM and XDR: Your ally against ransomware II

Integrated threat protection with SIEM & XDR

Microsoft Defender for Cloud

Protect your multi-cloud and hybrid cloud workloads with built-in XDR capabilities. Secure your servers, storage, databases, containers, and more. Focus on what matters most with prioritized alerts.

Assess and strengthen the security configuration of your cloud resources.

Manage compliance against critical industry and regulatory standards.

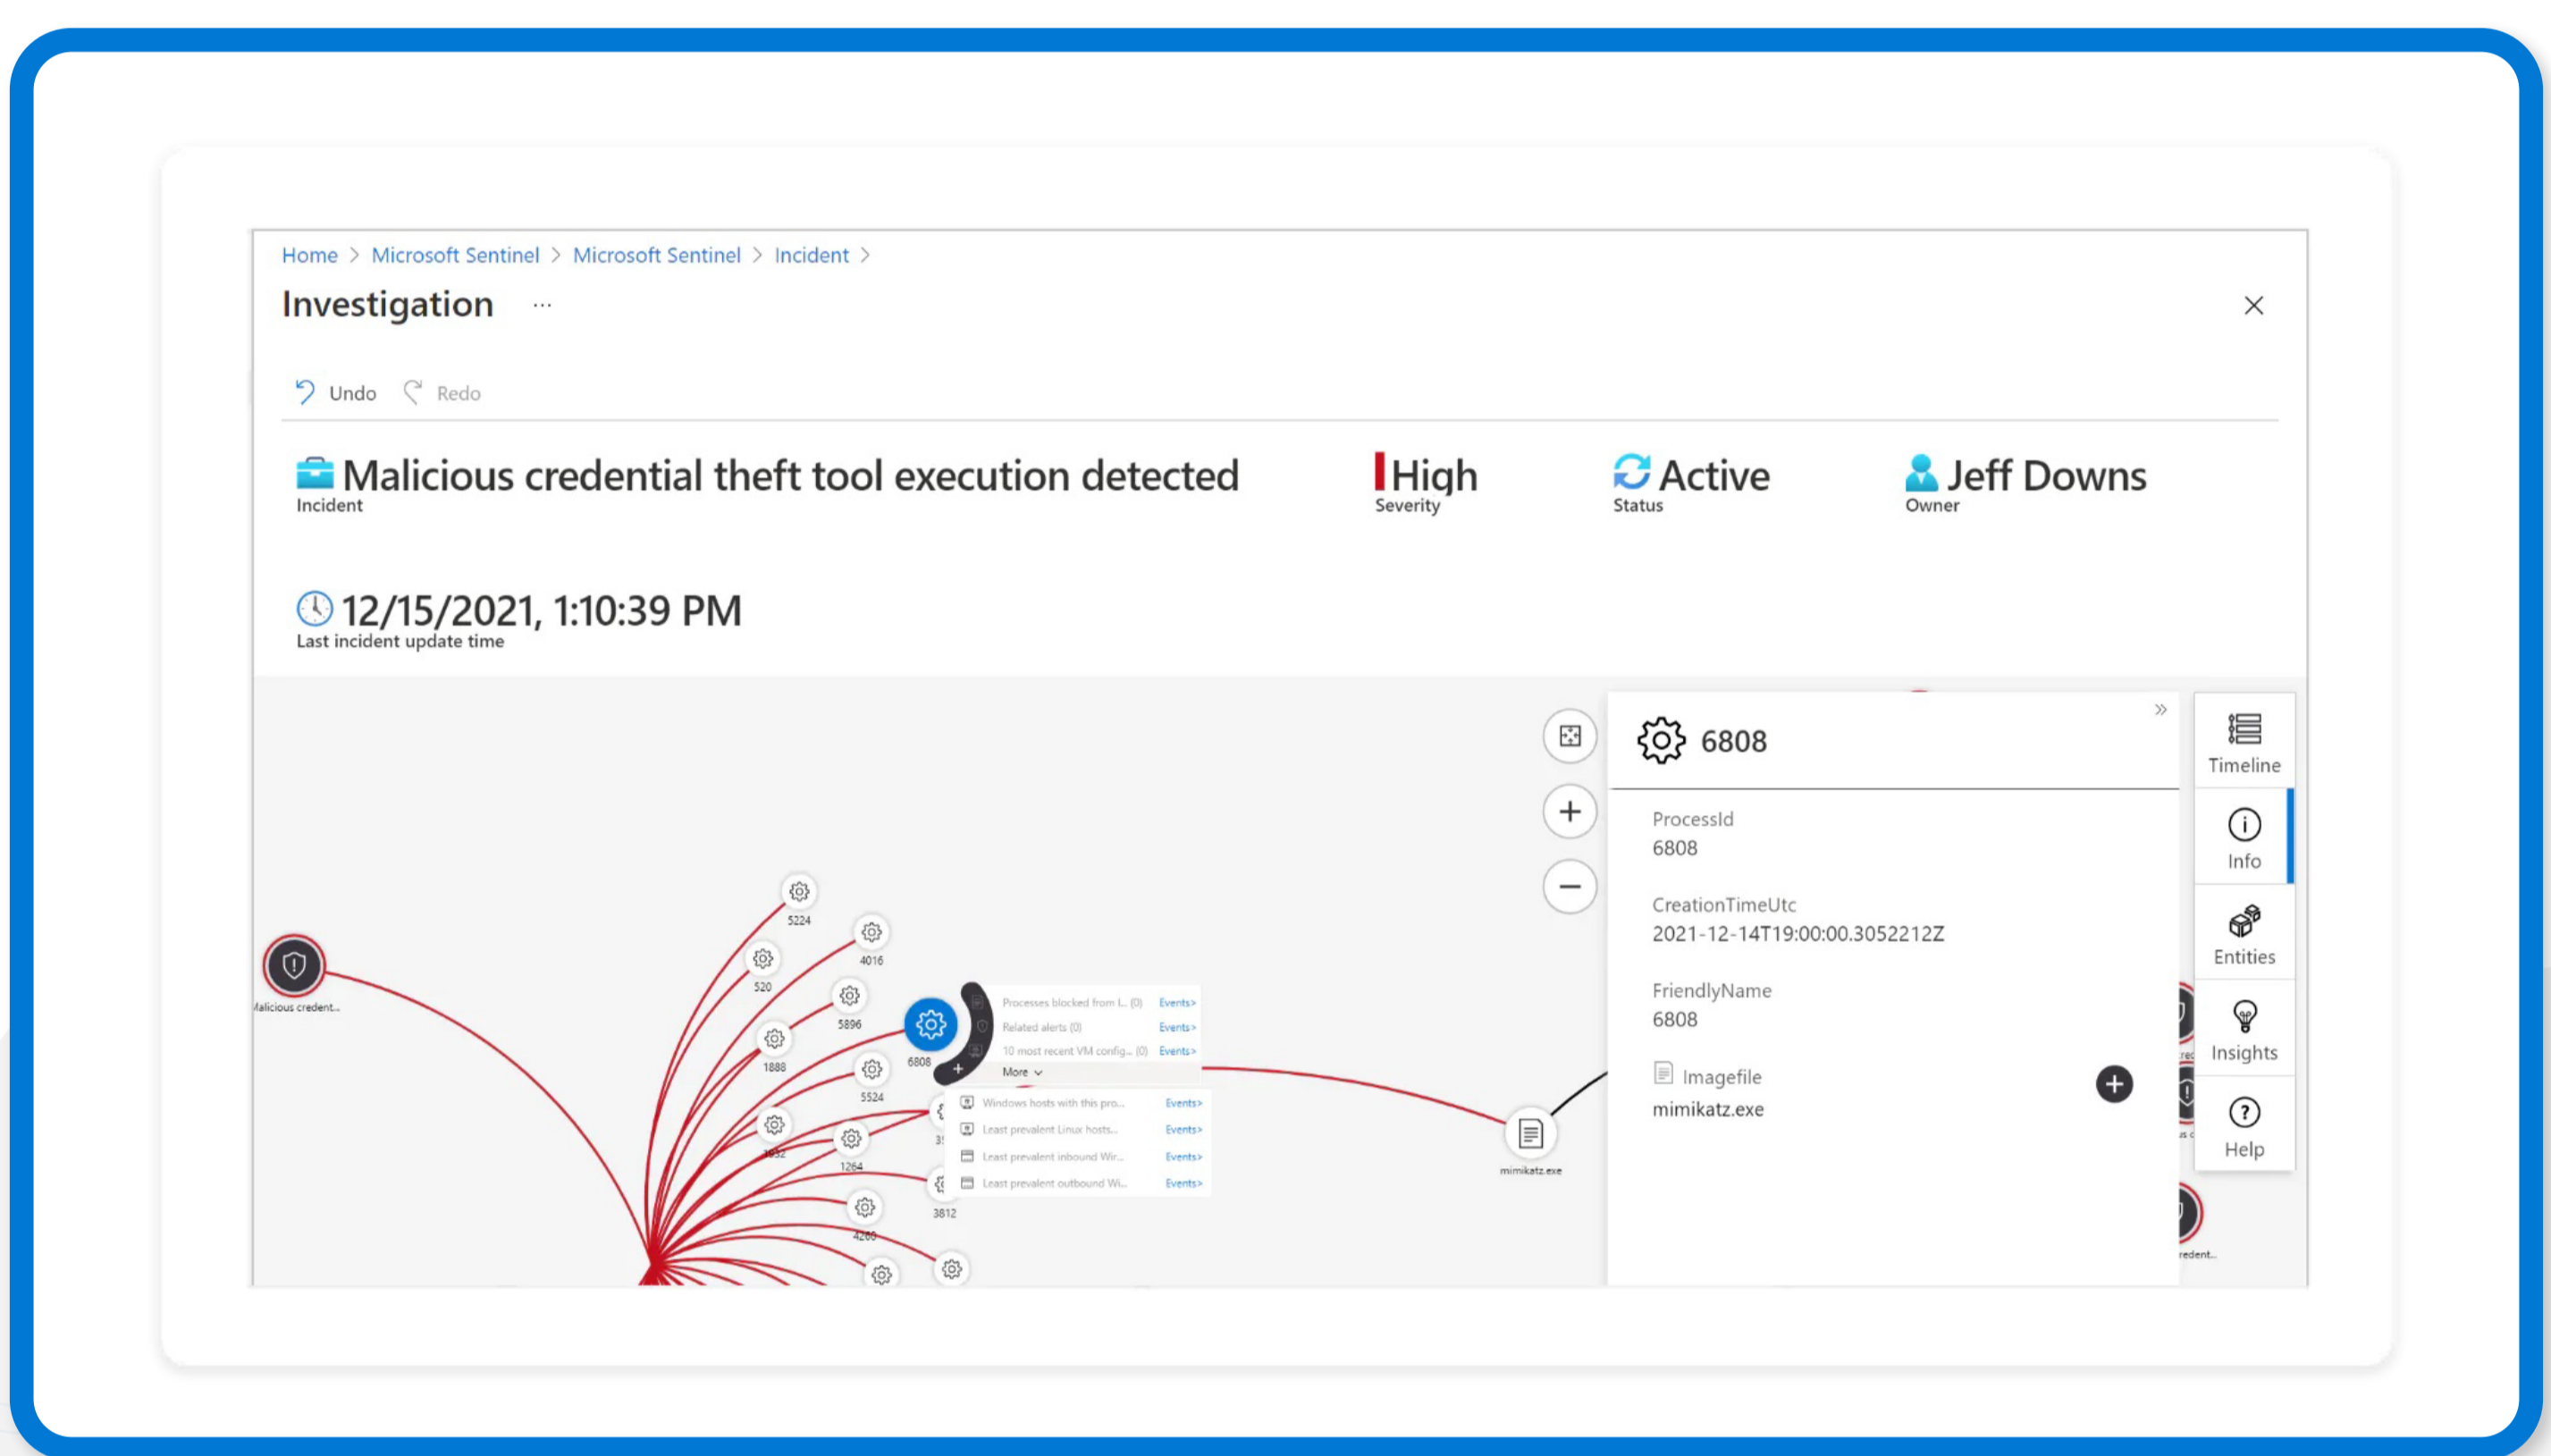

Enable threat protection for workloads running in Azure, AWS, Google Cloud Platform, and on premises.

Detect vulnerabilities to protect your multicloud and hybrid workloads against malicious attacks.

Microsoft Sentinel

Get a bird's-eye view across the enterprise with the cloud-native security information and event management (SIEM) tool from Microsoft. Aggregate security data from virtually any source and apply AI to separate noise from legitimate events, correlate alerts across complex attack chains, and speed up threat response with built-in orchestration and automation.

Collect data at cloud scale—across all users, devices, application, and infrastructure, both on-premises and in multiple clouds.

Detect previously uncovered threats and minimize false positives using analytics and unparalleled threat intelligence from Microsoft.

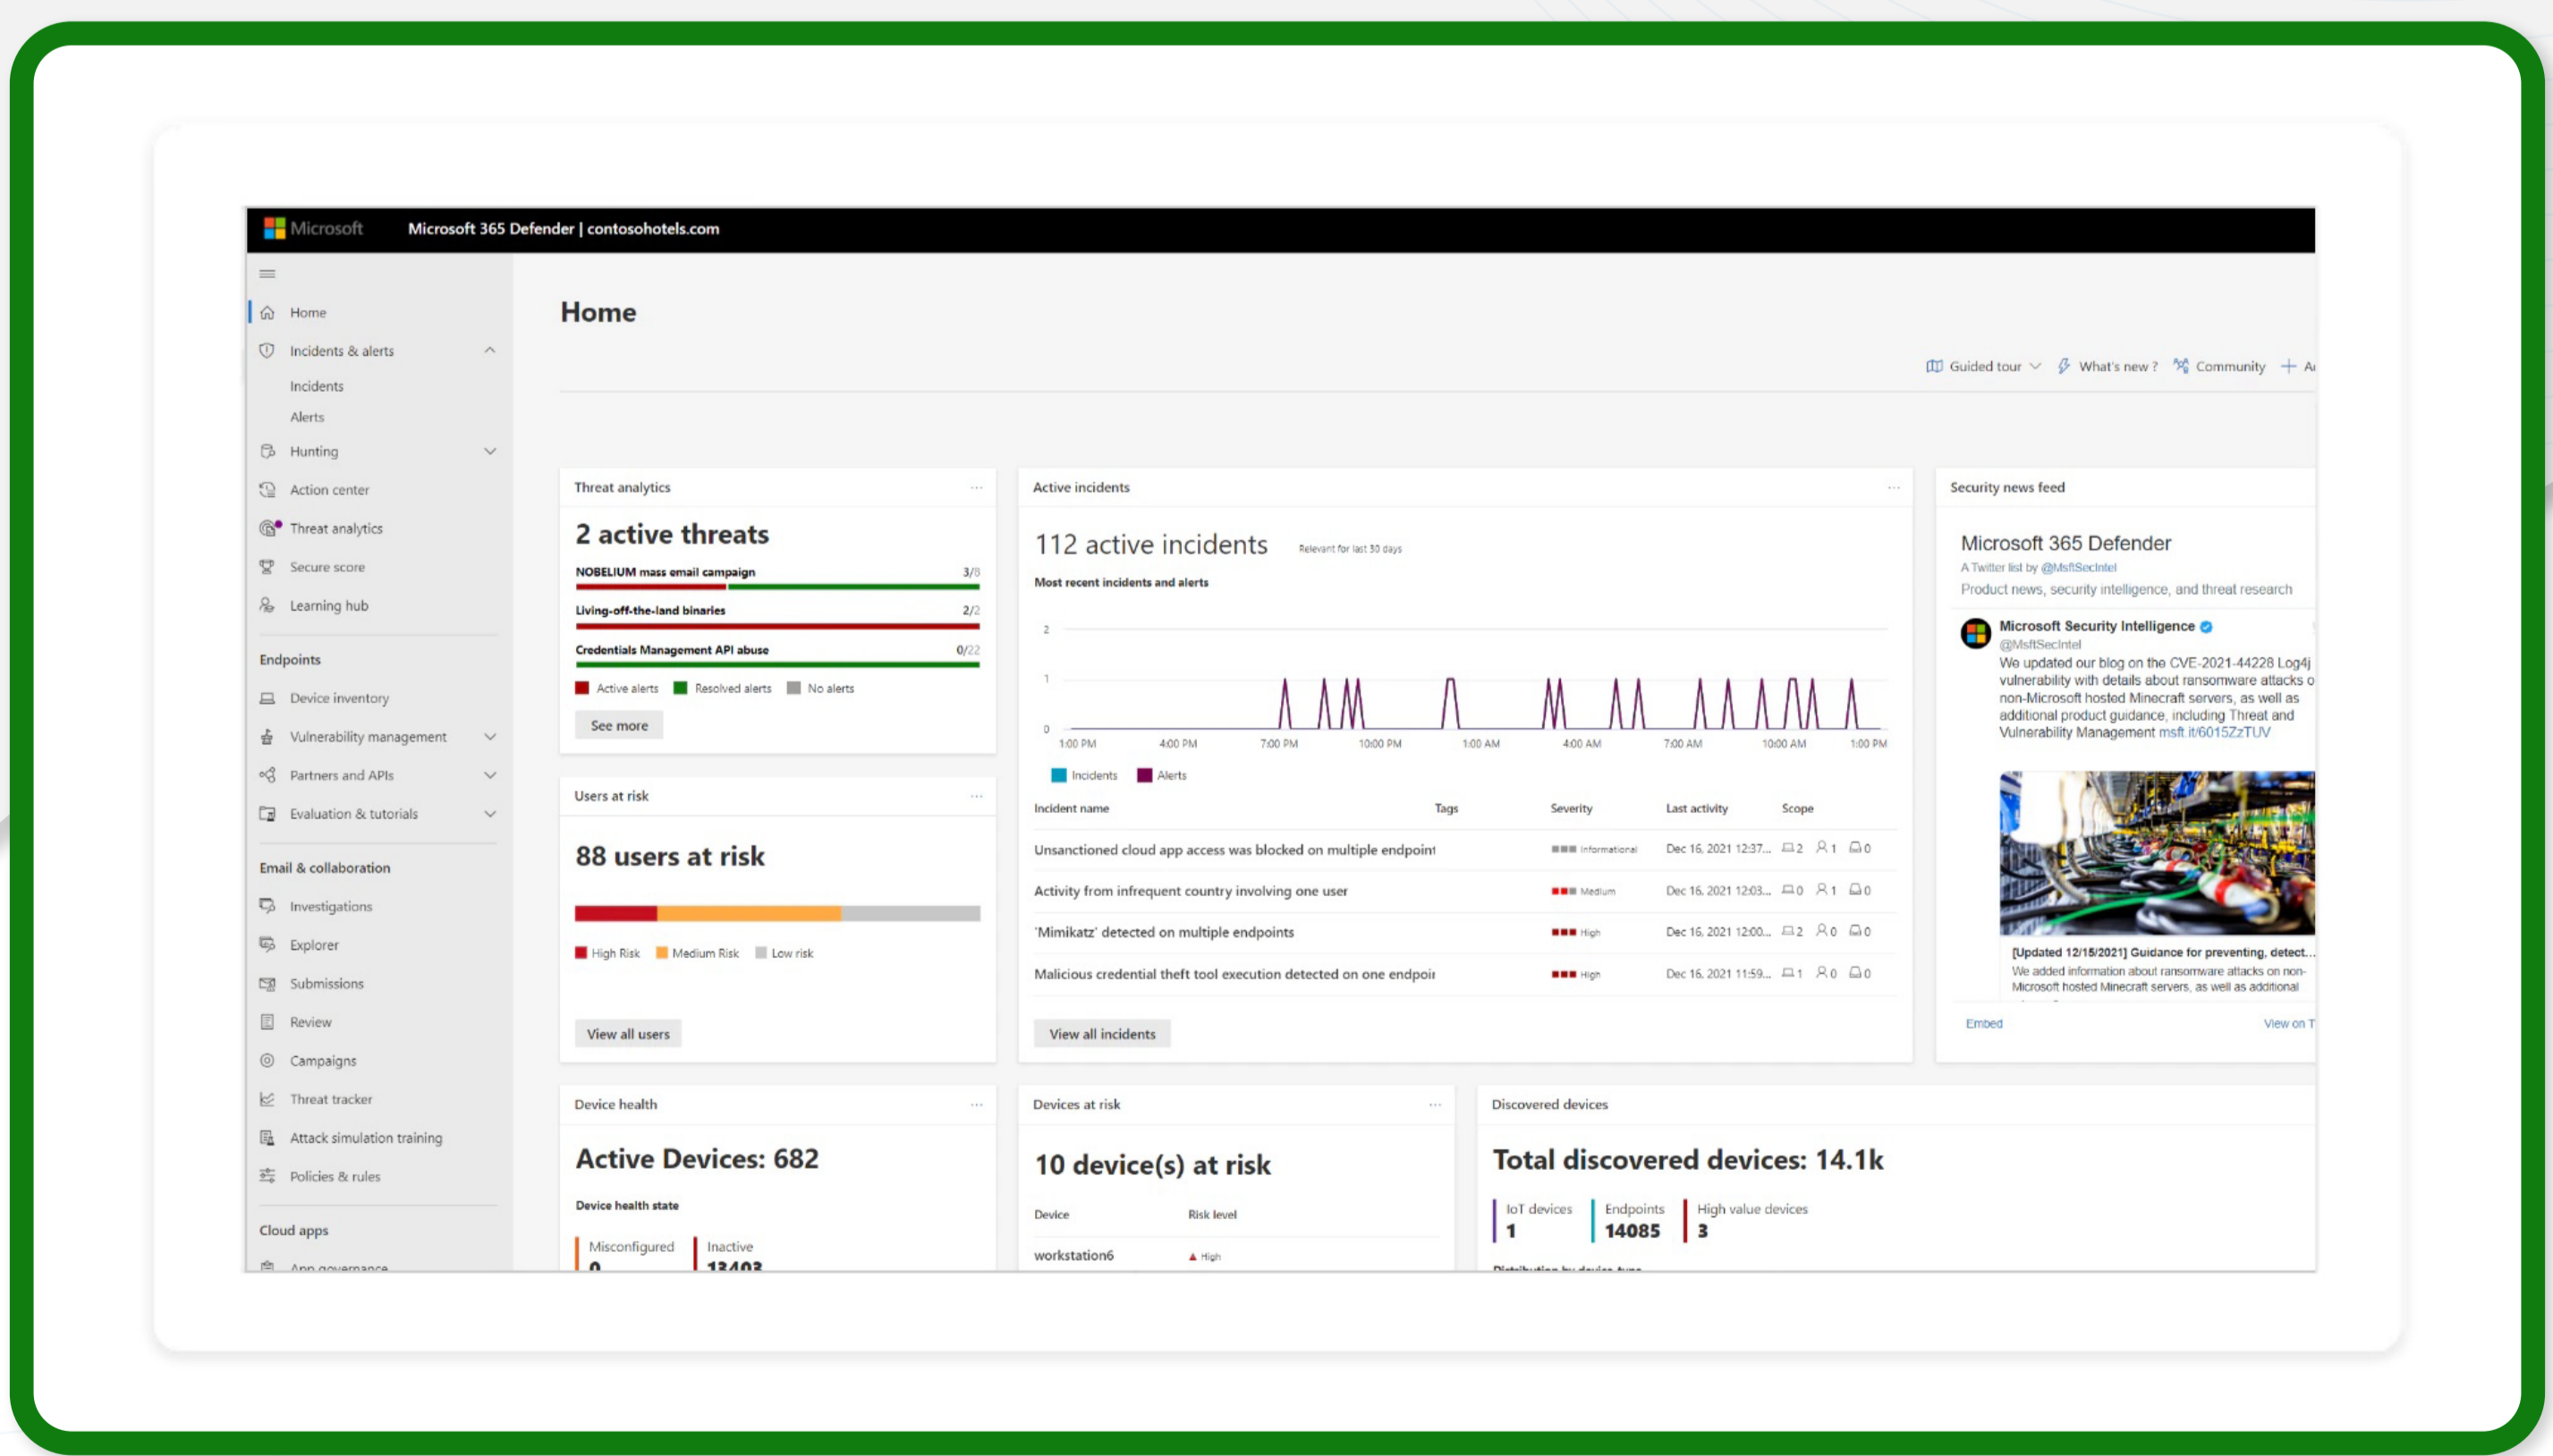

Investigate threats with AI and hunt suspicious activities at scale, tapping into decades of cybersecurity work at Microsoft.

Respond to incidents rapidly with built-in orchestration and automation of common tasks.

Microsoft 365 Defender

Prevent and detect attacks across your identities, endpoints, apps, email, data, and cloud apps with XDR capabilities. Investigate and respond to attacks with out-of-the-box, best-in-class protection. Hunt for threats and easily coordinate your response from a single dashboard.

Stop attacks before they happen. Reduce your attack surface and eliminate persistent threats.

Detect and automate across domains. Integrate threat detection data for rapid and complete response.

Hunt across all your data. Leverage time saved to apply your unique expertise.
